WELLNESS CENTER

BORN FROM THE MEDITERRANEAN
SPIRIT OF PEACE AND BALANCE

Hello from the team at ZUMA, The Wellness Center at Alys Beach.

Thank you for requesting more information from us when we announced that we would be accepting a limited number of outside memberships. We had a great response from many in the area and are happy to let you know that we are now ready to send membership applications to those on the interested list. Our planned opening has been delayed due to the impact Hurricane Michael had on our area's labor force – we now anticipate opening sometime in March.

Our commitment to delivering a wellness experience unlike any the area has seen before continues. The 15,000-square foot ZUMA campus will consist of many diverse and distinct spaces. The Lift Room, the Movement Room, the Cardio Room and the Recovery Room are core components of the facility, complemented by an indoor/outdoor pool, two treatment rooms, steam rooms in both men's and women's locker rooms, exterior natural spaces, a juice bar and other amenities designed to promote growth toward a better wellbeing. ZUMA will be the meeting of design, beauty, state-of-the-art technology and community, created as a space to uphold the pillar of wellness. We will offer robust programming and services with the top trainers in the area, initially to include TRX, Spin, Tennis and Massage. The campus was designed by Nequette Architecture & Design, a Birmingham, Alabama-based architecture firm.

A recallable, limited number of memberships are available to non-homeowner and non-rental guests at this time. Please return this application via email by January 21, 2019 to zuma@alysbeach.com – We will notify you by February 1, 2019 if your application has been accepted.

Please call 850.213.5678 for information.
